

Tips to Help You Choose

Need help choosing a PCP?

Your Primary Care Provider (PCP) is the doctor or clinic you go to when you are sick or need a checkup. Your PCP gets to know you and all your healthcare needs.

Use these tips to help you choose the best PCP for you:

TIP 1

Read ***How to Enroll in Illinois Health Connect*** to learn about your healthcare choices.

TIP 2

Think about your answers to these questions:

- How far are you willing to travel to see a doctor?
- Do you or someone in your family have special health needs?
- Do you need a doctor who speaks a certain language?

TIP 3

Think about whether you want to keep the doctor or clinic you have now or choose a new PCP.

TIP 4

If you want to keep the doctor you have now, ask if he or she is in Illinois Health Connect. If your doctor is in Illinois Health Connect, you can choose your doctor as your PCP.

TIP 5

If you want to choose a new doctor as your PCP, ask people you trust for names of doctors they like. Then call those doctors and ask if they are in Illinois Health Connect.

TIP 6

You can also go online to look for a PCP.
Go to **www.EnrollHFS.Illinois.gov** and click "Choose."
